# PREPARING FOR LAW IN THE UK

You should start making arrangements as soon as you have been accepted on your course. It is important for you to have suitable and safe accommodation while you are studying in the UK.

Our Accommodation Service can assist you in finding accommodation in the city of your chosen campus. The University has reserved accommodation for undergraduate students with some of the UK's leading student accommodation providers who pride themselves in ensuring you have a safe, comfortable place to live while you're studying with us. By staying in University-nominated accommodation, you'll get to meet students studying at universities across the city, as well as live with your fellow University students.

Did you know that there are online resources available on ELITE (the University's Virtual Learning Environment) to help you with your studies? These resources introduce you to practical ways in which you can make the most of your study experience and show you how to learn quickly and effectively. We think they will be especially useful if you have been out of education for a while, or if you have never studied at a UK university before.

Your online study skills resources consist of two elements:

# PACKING O-R BAG

Once you make your travel arrangements, please check with the airline company how much luggage you can bring. We would advise that you pack only as much as you are able to carry, as you can ship other items separately. Please remember that some airline companies charge for more than one suitcase and also charge for excess luggage. You can buy many items cheaply in the UK instead of bringing them from home.

## HAND L-GGAGE

Hand luggage is the baggage that you take with you on the plane. It is usually a suitcase, bag or rucksack that fits under the seat in front of you. You are allowed to take one piece of hand luggage on board the plane. The weight and size of your hand luggage must not exceed the limits set by the airline. You should check the airline's website for more information.

## MONE

Money is an important part of your budget when you study in the UK. You need to have enough money to cover your living expenses, including accommodation, food, transport, and leisure. The cost of living in the UK is generally higher than in your home country. You should budget carefully and try to save money wherever possible. There are many ways to reduce your costs, such as cooking your own meals, using public transport, and staying in student accommodation.

## CLO HING

Clothing is an important part of your wardrobe. You should pack a variety of clothing items that are suitable for the climate in the UK. The weather can be unpredictable, so it's best to pack layers. You should also pack some casual clothing for weekends and evenings. It's also a good idea to pack some formal clothing if you are attending any formal events.

## ELEC RICAL EQ-IPMEN

Electrical equipment is essential for your studies and daily life. You should pack a laptop, a mobile phone, a camera, and a microphone. You should also pack a power adapter for your mobile phone and a power bank for your laptop. It's also a good idea to pack a small first aid kit and a travel kit.

**Digital and technological resources and requirements**

Digital and technological resources are essential for your studies. You should have a laptop with a minimum of 8GB RAM and a 230GB hard drive. You should also have a mobile phone with a minimum of 5MP camera and a 2.4GHz internet connection. You should also have a microphone for your online classes. You should also have a power adapter for your mobile phone and a power bank for your laptop.

**Operating System** - Windows 10, 11, 10.13+

**Processor** - Intel Core i5

**RAM** - 8GB

**Storage** - 120GB

**Camera** - 5MP, 640 x 360

**Microphone** - USB

**Internet enabled** - Windows 2.4GHz, 5GHz
