Summary of Key Learning Outcomes

Learning Environment – Part-Time LLM and MSc Students

Four taught modules and one dissertation module (which includes research methods training) studied across six terms spanning two calendar years. In term 1, a comprehensive two-week induction followed by one taught module plus some research methods training. In terms 2-4, students will study one taught module in each term plus further research methods training. In terms 5 and 6, students will complete the dissertation module. Each module is assessed at the end of the term in which the module is completed.

Preparation for taught workshop sessions of up to 17 hours per week, including library and IT-based

Engagement is through workshop sessions of approximately 20 students (face to face) or 14 students (online), facilitated by a tutor, two hours in length.

Consolidation of up to 2 hours following each workshop which is contained on the VLE.

- x Test and Feedback exercises are available as part of your preparation and/or consolidation via the VLE.

Learning Environment – PG Dip and PG Cert Students

Summary of Assessment Demands

The following tables provide an indication of the duration, style and number of assessments.

Courses starting in September 2022 and January 2023

Informal Assessments (formative assessment) and Formal Assessments (summative assessments):

Each module has a formative assessment opportunity scheduled for completion in the first half of the teaching term. The style of formative assessment will vary depending on the summative assessment required for the module, ensuring students can get meaningful feedback ahead of their summative assessments which take place at the end of each term.

Typing

To be able to effectively sit online assessments, it is expected that students have a typing speed of 30-40 words per minute, the average typing speed for adults. This will enable them to successfully complete the assessments within the given timeframe. If students are unsure as to the speed of their typing, they may wish to self-assess their typing speed by using the following online tool:

It is recommended that an external Bluetooth or wired keyboard should be utilised, as this provides a better typing position. Students may also wish to investigate the use of ergonomic keyboards, if required.
